EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, lines 6 and 7, "for a gas-turbine plant of a power plant, comprising:" has been deleted.

In claim 7, line 2, "cooling air flows from said" has been deleted.

In claim 17, lines 6 and 7, "A cooling air cooler for a gas turbine plant of a power plant, comprising:" has been deleted. In line 6, "comprising" has been changed to -- comprising:--.

These changes do not change the scope of these claims, but merely remove redundant language and improve the syntax of these claims.

The following is an examiner's statement of reasons for allowance:

The claims are deemed allowable because the prior art does not teach or reasonably suggest a gas turbine plant having a cooling air cooler which comprises a pressure vessel having an inlet and an outlet for cooling air flow, a plurality of nozzles oriented parallel to the cooling air flow for spraying water into the cooling air flow in the direction of cooling air flow, heat exchanging means in the pressure vessel, and a water separator disposed downstream of the nozzles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
